

# Life Cycle Maze

TEACHER'S COPY

In order to complete the maze, students need to make sure that they proceed through all of the mosquito's life stages. If they get to the finish and have skipped a life stage, then the maze is not completed!

## Grade 3 Life Sciences

"Students know examples of diverse life forms in different environments, such as oceans, desert, tundra, forests, grasslands, and wetlands."

## Grade 4 Life Sciences

"Students know producers and consumers (herbivores, carnivores, omnivores, and decomposers) are related in food chains and food webs and may compete with each other for resources in an ecosystem."
